

# Bellini's Pizzas

All the pizza has around 300 biochemical process; one is the rising process and maturation. If the pizza raw will not close this process your stomach has to do it. For the Bellini pizza we guarantee that we closed all the biochemical process and we have a slow fermented dough in which allows to be crispy, high digestible and very very tasty flavor. All recipes are created special for Bellini by the 3 times world champion Danilo Sangrigoli which also the holder of the Guinness World Record the fastest pizza maker.
