

# **EXPATRIATE**

**RESTAURANT, WINE & COFFEE**

## **A'la Carte**

Expatriate is an engaging, atmospheric, and freewheeling place for drinking and eating, Expatriate food encourages a certain tolerance of ambiguity, and of course, sharing. It's in that spirit, in the balance between the implicit and explicit, that Expatriate works as a whole, as a place for drinking and eating other than the sum of its parts.

"There is no love sincerer than the love of food."
