CHAMPAGNE	Bottle
------------------	---------------

Dom Perignon, Champagne 2005 JS97

The wine's remarkably rich bouquet reveals itself in successive waves: first the intense fruit, more black than red, which then melts into silvery minerality. Notes of praline and coriander complement the whole. The wine has a strong character and a powerful presence there is even something physical about it. Overall, it is structured, focused, firm and dense. Its intriguingly spicy, flowery finish remains present in each sip.
