Menu

## Welcome to LEVEL33, the world's highest urban microbrewery

All beers are brewed on-site by our resident brewmaster.

The art of brewing and core ingredients inspire our menu: **Hops** - has floral & citrus flavour,

**Yeast** - roasted to enrich the aroma, **Malt** - provides texture to the dish,

**Spent Grain** - available only in a brewery, after the lautering process;

**LeVel33's Beers** are also incorporated into dishes such as Lager in our pickling liquid.
