

Our doors opened for the first time in 2004 at our flagship restaurant in Melbourne, Australia. Since then, we've been committed to staying true to our mission; to liberate burgers from guilt and their bad reputation.

Our wholesome burgers are made from real ingredients, sourced from suppliers we know by name. From pick to prep and cook to bite, every step is considered and every burger, made with love.

From that first burger flipped in Melbourne to our first international restaurant here in Seminyak, we continue to serve guilt-free, Healthy Burgers our way - the Grill'd Way.

From all of us at Grill'd we thank you for choosing our Healthy Burgers.
