Slow Coffee Extraction

Slow Drip (V60)

Hand-pour-over effectively extracts the smoothest flavours from medium grind single origin coffee using a microfiltration process. Served hot or on rock ice.

Sumatra Blue Bianca Cold Brew 180

Complex flavour extracted for 6-8 hours with cold drip method from fine grind Sumatra Blue Bianca single origin coffee. Served with rock ice. Also available with milk of your choice.

From the coffee plantation

Country of origin: Indonesia
Region: Dolok Sanggul, Northern Sumatra
Altitude: 1,400 m.a.s.l.
Species: Arabica
Varietals: Onan Ganjang
Grade: G1
Processing: Wet pulped

To your cup

Acidity: Citric
Aromas: Floral
Flavours: Grapefruit, citrus, sweet berries, pandan
Roast: Light
Body: Medium

French Press
A thick coffee from coarse grind single origin beans expressing full aromas in a press-pot

AeroPress
Using air pressure method to yield the most intense and richest single origin coffee you ever had

Single Origin Coffees

D'ARK has meticulously selected and in-house roasted for you a collection of specialty-grade single origin coffees. D'ARK imports into Thailand green beans from all major coffee-growing regions: Latin America, Central America, Africa and Asia. Just like wine, each coffee has a unique aromatic and taste profile specific to its varietals, terroir and process. D'ARK focuses on a lighter roast to preserve and highlight the inherent flavours of each single origin coffee. Start your tasting journey in a 2 step-order:

Step 1. Choose your coffee brewing method (drip, AeroPress, French press or cold brew).

Step 2. Choose your favourite single origin coffee among the 6 options currently available.

All D'ARK freshly roasted coffee beans are also available in 250g-retail bags for you to enjoy it at home or at work. It is also the perfect gift. Do not hesitate to ask our Baristas for further advice!
