KOMBUCHA

Kombucha (pron: kom-boo-cha) is a fizzy drink made by natural fermentation of sweet tea. It is very low in sugar and high in probiotics, lightly sweet, fruity and bubbly like a soda. Remedy is produced in Melbourne and uses fruit, flowers and herbs to make all-natural, super healthy, totally delicious drinks. Ask your waiter for today's flavours.

WATER

Hailing from New Zealand, over 1,000km from its nearest neighbours, Antipodes water comes from pristine, untouched aquifers. It is exceptionally pure and needs only a simple microfiltration before bottling. No sterilisation, no additives, no industrial cleansing or processing. Their water has won two gold medals at internationally recognised awards.
