

Being a pioneer in sustainability,

the landmark mandarin oriental is dedicated to exploring ways to minimize waste, reduce single – use plastic and limit our carbon footprint. We are also following a sustainable and ethical sourcing policy which guide us in purchasing the best, natural and traceable ingredients.

Impossible Meat

It's meat made from plants, for meat lovers.

Our burger starts out raw and looks, cooks, smells & tastes like ground beef.

It's 100% plant-based & it might just change the world.

Sunny Queen Farm **Cage Free Eggs** are laid by hens that move freely around large barns with plenty of natural light and fresh air.

The hens have no added hormones, Cage free eggs are packed with a nutritional punch unlike any other food.

Our **Brandt Beef** maintains a “farm-to-fork” philosophy which involves raising its animals humanely and naturally without hormones and antibiotic free.

This commitment to sustainability also includes being responsible stewards of the land.

Our **Chicken** is from George and Jo's they are the symbol of a Free Range Farmers Collective, all of whom care about the welfare of chickens, the environment, sustainability and what's best for the consume.

- 100% Antibiotic Free - for Life.
- George and Jo's farms are independently audited in strict accordance with the NZ Animal Welfare Laws and in conjunction with MPI, all to ensure the high standards of animal welfare and the best of growing conditions.

Our **Seafood** is either caught or farmed in ways that consider the long-term vitality of harvested species and the well-being of the oceans, as well as the livelihoods of fisheries-dependent communities.

The Landmark Mandarin Oriental is proudly the first site to use the eco-friendly **Nordaq FRESH** filtered water system. No waste, No carbon footprint and the choice of many of the world's best hotels and restaurants. Nordaq FRESH is filtered for people who never compromise on quality and who choose sustainable alternatives.
