## Sake (720ml)

**Fruity, floral aromas with less acid and umami: highly polished, special yeast strains, cool fermentation temperatures.**

**Junmai Daiginjō-shu (純米大吟醸酒, Pure rice, Very Special brew):** polishing ratio of 50% or less.

**Daiginjō-shu (大吟醸酒, Very Special brew):** polishing ratio of 50% or less.

**Junmai Ginjō-shu (純米吟醸酒, Pure rice, Special brew):** polishing ratio of 60% or less.

**Ginjō-shu (吟醸酒, Special brew):** polishing ratio of 60% or less.

**Cereal and lactic aromas with more acid and umami: lightly polished, warm fermentation temperatures.**

**Junmai-shu (純米酒, Pure rice):** typically rice is polished to 70%; rice with a polishing ratio up to 100% can be used but this is very rare.

**Honjōzō-shu (本醸造酒, Genuine brew):** polishing ratio of 70% or less.
